Preaching Christ Publicly with Courage, Compassion & Clarity!

Ministry Update March 2016

Dear Ministry Partner!

What an awesome God we serve! Last year the Lord launched us into full-time local evangelism ministry by giving us a ministry car, lots of encouragement, accountability & generous financial support through partners like you! It's humbling & exciting to be part of a Gospel centered ministry that is fully supported by a diversity of people in the Body of Christ! This car, your prayers & support have sent us to college campuses, abortion clinics, bus stops, city events & more. Whether it's through preaching, passing out tracts, talking to people one on one, or equipping believers to share their faith more effectively, you have enabled us to reach 1000's with the Gospel. Thank you!

Abortion Clinic Outreach

If you're looking to be part of a ministry that is tidy & fun then the abortion clinic is not the place for you. However, this is the frontlines of our cultural & spiritual battle against the killing of innocent children & God uses anyone who makes themselves available. To the right is a picture of a young lady who took a taxi to the abortion clinic for a job interview. By God's grace I was able to engage her in conversation, take her through Scriptures that encouraged her to make money in a way that would honor God & not participate in killing children. She called her husband who was in Africa & I was able to share Christ with both of them. After deep thought she decided to cancel her job interview & called the taxi to come pick her up! Praise God! Your prayers work!

"Christ didn't die on the Cross to give you an, "I hope so..." He rose from the dead to give you an, "I KNOW SO !"

Campus Outreach

The college campus is a sweet spot for engaging young adults about God, the Bible, Jesus, Science, politics & world issues. Also, the rising number of Atheists & Muslims on campus has challenged Christians to know what they believe, why they believe it & how to defend it. I find most Muslims are very willing to talk about the things of God & religion. I love to direct them to the "True Prophet", Jesus of Nazareth who prophesied He would die for our sins & rise from the dead. He fulfilled His prophecies, proving Himself to be a true Prophet of God & validating His bold claims to be Divine! Whether it's a Muslim, Atheist, Agnostic or Skeptic I know that reaching a young adult for Christ is an essential way of changing the families, leadership & culture of our future!

City & Event Outreach

Our Country needs missionaries! Jesus said, "Follow Me & I will make you fishers of men." Whether it's going downtown on Friday nights, to the bus stop throughout the week or attending local events, the fish are biting! And that makes fishing fun! Last year after the Gay Pride festival a young woman was open minded & interested in hearing a biblical perspective about the topic of homosexuality & same sex-marriage. With grace, sensitivity & tact I was able to speak the truth in love to her & point her to the Lord! She wasn't just thankful but changed! I'm reminded of Jesus with the woman at the well.

Open Air Preaching

It's exciting to see some fruit that comes from the prayers, preparation & preaching of the Gospel! Last month I was able to pray with a young man at NC State to receive Christ. That same night a friend called to tell me he had spoken with a student that said he got saved through hearing me preach each week during lunch on the college campus. The very next day I was open air preaching at UNC Chapel Hill & a student told another friend of mine that he got saved when I was preaching at an event in downtown Raleigh. Both guys are still walking with the Lord. GOD IS AWESOME!!! Friends, I hope you know that souls are being saved & discipled as a direct result of God working

through your prayers & support! Thank you!

Sometimes people will ask me, "But how many people have you led to the Lord?"

I tell them, "EVERY SINGLE ONE! I lead every person to the Lord, but what they do with that is between them & God."

We do the sharing, God does the saving!
