Preaching Christ Publicly with Courage, Compassion & Clarity!

What a year! 2025 was packed full of opportunities to preach the Gospel, make disciples and equip the saints. There's certainly no shortage of lost souls out there who need Christ, and yet so many in our culture have been churched but not saved. Above is a picture of a group of us that went downtown to share Christ at one of the local festivals. I like to say, "It's not those who are on fire for God that share their faith, it's those who share their faith that get set on fire for God!" Thank you to our faithful ministry partners who have made it possible for us to continue as missionaries to America. We pray you have a very Merry Christmas and a Happy New Year!

This Fall was one of our best years ever in campus ministry! The spiritual climate has shifted, students are more open & the assassination of Charlie Kirk was a powerful catalyst for young people to take the call to follow Christ more seriously. We've had students wait in line to talk with us & stick around for hours listening. God is moving big time!

We go to UNC Chapel Hill & the NCSU in Raleigh every week. Our ministry team has grown a lot including both campus students & local Christians who join us to reach students for Christ. There might be 5 or 6 different group conversations going on about God at the same time & a crowd draws a crowd looping in other students just walking by.

Guys from our youth ministry will go with me to events to hand out tracts or open air preach. My friend Isaiah's parents & brothers have joined us regularly now for college evangelism. Christians from all over are more bold & active in sharing Christ. One brother learned from us & started his own campus outreach at ECU! Praise God, we're seeing multiplication!

Our pro-life Prayer Walks outside the abortion center in Chapel Hill saw their greatest attendance ever with over 100 prayer warriors at one walk from a variety of local churches. We heard testimonies from abortion workers who have come to Christ, moms who chose life, moms forgiven for abortion & saw 100+ babies saved in 2025!

I led our first GCF Winter Youth Retreat in January. We had a full weekend of worship, teachings, team-building exercises, small groups & testimonies. Our leaders were amazing, the youth confessed sin, drew closer to God & really bonded on the team-building exercises. For around 4 years I have been the youth director at our church helping oversee & lead the middle & high school youth ministry.

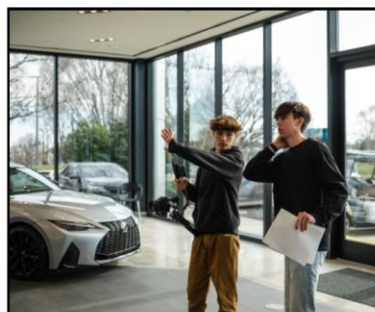

A dear pastor friend from Calvary Church Olivia invited me to teach a "Revival Series" in October. This was a week long mission trip of prayer, fasting, preaching & trusting God. There were nightly testimonies of God resetting hearts, renewing faith & repentance of sin. It was the largest speaking opportunity I've ever had in my life. I'm very grateful!

Back in 2020 I started a Wednesday Night prayer group at church with a few others & it continues strong today. 5 to 10 of us gather weekly & pray for our church, community, prodigals & Revival. These times of prayer are essential to a healthy church family & the Kingdom work that flows from it.

As a family we're doing well, definitely being stretched & very thankful for God's provision & protection. We're still renting a home in Garner & hoping to find a permanent home to buy in the area. Angela continues to be an anchor to the family & has been babysitting for some extra cash. James has developed his videography & drone skills into a steady income making commercials & videos. He hopes to graduate early this spring & grow his business. Jonny saved up & bought a dirt bike & loves riding it with his best friend. Rylan loves reading, sports, or doing anything with his best friend Q. We're so thankful for you, our ministry partners, prayer warriors, church, family & friends!

If You Would like to Partner with Us:

You can give tax deductible support through our local church:
By mail: **Garner Christian Fellowship P.O. Box 744, Garner NC 27529**

Electronically: garnerchristianfellowship.org/give/

Select "Evangelism - Stephens"

Or you can give a personal gift directly to our family thru:

Venmo @ Angela-Stephens-215 or **Zelle @ Angela Stephens 7022776031**

THANK YOU!!!
